RINKU

Full Stack Developer

📞 +91-9416875350   @ shorinku22@gmail.com   📍 Gurugram, Haryana

SUMMARY

I am a motivated and detail-oriented Full Stack Developer with hands-on experience in designing and developing web applications using Java, Spring Boot, HTML, CSS, JavaScript, and MySQL. I excel at creating efficient backend systems and responsive front-end interfaces, and I am eager to apply my technical skills in a collaborative environment to contribute to innovative projects and organizational success.

Ch. Devi Lal State Institute of Engineering and Technology, Sirsa

📅 08/2020 - 06/2024   📍 Sirsa

Matriculation (Class X)

S.K.M. Sr. Sec. School, Gulkani

📍 Gulkani

Intermediate (Class XII)

Tagore Sr. Sec. School, Narnund

📍 Narnund

SKILLS

HTML   CSS   SpringBoot   Java

JavaScript   jQuery   Bootstrap

MySQL

PROJECTS

Real-Time Chat Application

A chat application that allows users to communicate in real-time with features like file sharing

- Built a real-time chat system using client-server architecture
- Enabled messaging and file-sharing features with reliable data transmission

Smart Contact Manager

A web application designed to help users manage their personal contacts effectively

- Developed a web application to manage and organize personal contacts
- Implemented user authentication (sign-up/login) with MySQL database integration
- Enabled CRUD operations for contacts including name, email, phone, and address

Electricity Billing System

An application that automates the billing process for electricity, making management easier

- Developed a desktop billing application for managing and automating bill generation
- Integrated database backend to handle customer data and billing records
